

DOWNLOAD AND SET UP ZOOM

Zoom will be the application we use for our online lessons.

Below you'll find how to download, install and correctly configure it for music.

02

DOWNLOAD AND INSTALL ZOOM

● DOWNLOAD ZOOM HERE:

<https://zoom.us/download>

● ON COMPUTER (Windows / Mac)

1. Go to the download link.
2. Click on: **"Zoom Workplace"**.
3. The installer will download automatically.

...Once the download is complete...

1. Double-click the downloaded file.
2. Follow the steps shown on screen.
3. Zoom will install automatically.

● ON TABLET (Android) o iPad (iOS)

1. Open the app **Google Play Store/App Store**.
2. Search for: **Zoom Workplace**.
3. Tap Get/Install.
4. Wait for the installation to finish.

CREATE OR SIGN IN TO YOUR ZOOM ACCOUNT

When opening Zoom for the first time:

If you already have an account → tap **Sign In**
If you don't have an account → tap **Sign Up**

You can easily register with:

Your **email address** OR Your **Google account**

AUDIO SETTINGS FOR MUSIC

Zoom is mainly optimized for speech.
For music lessons, we need to adjust a few settings.

● PRE-MEETING SETUP (BEFORE THE LESSON):

Zoom → Settings → Audio

Under Microphone Mode, select:

- ✓ **Original Sound for Musicians**
- ✓ **High fidelity music mode**
- ✓ **Stereo audio**

● DURING THE MEETING (CHECK):

Once inside the meeting:

In the top left corner you will see the option: **"Turn On Original Sound"**. Make sure it is **activated**.

✓ Turn on Original Sound
